iGo® juice®70

universal 70W combination wall (AC) and auto/air (DC) notebook adapter

one adapter. **all** your devices. simply **switch** the **tip**.™

For use with:

Features and benefits:

Keep your notebook and other gadgets powered-up with this all-in-one solution. iGo® juice®70 lets you power and charge all your devices at home, in the office or on-the-go.

- Up to 84 Watts of power charges most thin and light notebook computers
- Combination AC and DC adapter utilizes any standard wall, in-vehicle or in-flight outlet
- Interchangeable power tips allow you to power/charge a variety of devices with a single power solution (most notebook tips included; power tips for gadgets sold separately)
- Automatically provides the precise current and voltage your notebook and gadgets require – no manual voltage switch
- iGo dualpower® accessory enables you to simultaneously power a notebook computer and second gadget such as a mobile phone, Bluetooth® headset, smartphone/PDA, MP3 player, portable gaming device, digital camera and more
- Use the auto charging plug with the iGo dualpower accessory as a stand-alone car charger for gadgets
- Compatible with most today's most popular brands and models

iGo® juice70
